Dallas, Texas: 7/31/14- **BUILDING SOLUTIONS NAMES RUSSELL CLARK VICE PRESIDENT**

Building Solutions announces the promotion of Russell Clark, AIA, ICCCEPE+CEI to Vice President.

Russell now leads the delivery of Facility Assessment services, nationwide, for projects serving real estate investors and education institutions. Facility Assessment includes the firm's core services of pre-acquisition due diligence for investors, facilities audits for independent K-12 schools, environmental site assessments, asbestos surveys, and energy code COMchecks.

"Russell's background as a Registered Architect, along with his commitment to develop energy code expertise, coupled with his leadership style, have delivered tremendous benefits to our clients," according to company President Bill Keslar.

Russell earned a Bachelor of Environmental Design from Texas A&M University in 1988. He is a member of the AIA Building Enclosure Council and International Code Council. He is a Certified Plans Examiner and Inspector for energy code compliance, under the International Energy Conservation Code (IECC), and is a member of American Institute of Architects, and the Texas Board of Architectural Examiners.

Building Solutions is a technical advisor to real estate owners, operators, and investors, providing facility condition assessments and condition audits, project management of building development and re-development, and consulting to building operators on maintenance programs, sustainability improvements, and major capital replacements. The company serves real estate investors and developers, as well as institutional clients, such as private schools and municipalities.
