

INTRODUCING

Tom Franz

Sr. Associate
Partner Development

Building Solutions
Southeast Region

Tom Franz has joined Building Solutions as Senior Associate of Partner Development, leading the Southeast Region office from the firm's newest location in Charlotte, North Carolina. He represents the company and its full range of services, including facilities assessment and asset management planning, capital program management, and advisory services to campus facilities managers.

Tom brings over 38 years of experience in Education as a head of school, teacher, and coach. His roles as a senior administrator and fundraiser for several prominent independent schools in Virginia and North Carolina have engaged him in strategy and decision-making at the highest levels concerning enrollment, capital projects, hiring, and academic affairs. As a former client of design and construction teams, he brings a valuable insider perspective to Building Solutions and enhances the quality of its service delivery. And as a decision maker who has relied on critical facilities financial information, he helps clients realize the full value of the Building Solutions work product.

"Since our founding more than 30 years ago, Building Solutions has experienced tremendous growth from a loyal client base in the southeast, which we will now better serve with this expansion to Charlotte and the strategic addition of Tom Franz to our organization" says CEO and founder, Bill Keslar. Building Solutions specializes in advising schools in their strategic decision making on facilities matters with hundreds of independent schools and school district clients.

The Charlotte office will primarily serve the Carolinas, Florida, Georgia, and Alabama and support activities in other southern and mid-Atlantic states.
